以閱讀為圓心，品格為半徑，彩繪創新活力的生命。

If life is like a circle, we draw it with reading as its center, draw it with moral character as its radius, and paint it with creativity and energy.

以熱忱為軸心，創意為動力，營造人文永續的校園。

If education is like an engine, we choose enthusiasm as our axis, creativity as our fuel in order to create a humanistic and sustainable school environment.
